CARPENTER

CARPENTER

\$56,877 salary*

Do you like building, traveling and being outdoors? Why not consider a career that is fun and offers financial freedom. Carpenters measure, cut and shape wood, plastic, fiberglass and drywall. Commercial and industrial carpenters construct, erect, install and repair structures and fixtures. These carpenters are involved in many different kinds of construction, from buildings to highways and bridges to power plants.

Education Options

- Technical schools
- Registered apprenticeships
- Community colleges
- Industry training programs

Students can start in high school where programs are available.
