**POWER LINE
WORKER**

POWER LINE WORKER

\$68,262 salary*

If you are looking for a high-powered career, you've found it! Power line workers install and repair the various cables and lines of the power grids that cover the world. Whether lowered in a trench, hoisted in a bucket truck or suspended from a helicopter, power line workers make sure the electricity keeps flowing to every home, business and factory. Safety is top priority in high-voltage conditions, so the proper protective equipment must be worn at all times.

Education Options

- Technical schools
- Registered apprenticeships
- Community colleges
- Industry training programs

Students can start in high school where programs are available.
