

**WELDER**

# WELDER

**\$71,067 salary\***

Do you get a kick out of watching sparks fly on the Fourth of July? Choose a career in welding and watch them fly every day! Welders join objects together by applying heat or pressure. Skilled welders have a thorough knowledge of welding principals and metals. They use blueprints and drawings to build anything from ships to cars to bridges. Welders play a crucial role in maintaining a variety of power plants and have the opportunity to travel throughout the year.

## Education Options

- Technical schools
- Registered apprenticeships
- Community colleges
- Industry training programs

*Students can start in high school where programs are available.*
